

REQUEST FOR COUNCIL ACTION

Originating Department: Administration Requested By: Amy Goerger Date: 4/15/2009

1. Remove Fire Relief/State Aid Expense Accounts & Budget Amounts:
101-42200-125 \$21,000.00 Revised Budget Amount = \$0.00

2. Remove Fire Relief/State Aid Revenue Accounts & Budget Amounts:
101-42200-33420 \$21,000.00 Revised Budget Amount = \$0.00

Fire Relief/State Aid is not revenue for the city, instead of accounting for the Fire Relief/State Aid collected as a Revenue and Expense, a Liability Account-Accounts Payable would be used to correctly reflect the money collected by the city that is payable to the Rockville Fire Department Relief Association.

RE: County 5 Year Plan

Dear Mitch,

The Rockville Public Works Committee reviewed the County 5 year Plan at their 4/1/09 meeting and respectfully request that the County Road 8 (map reference #3-Year 2013) project be expedited. The Committee feels this road is in serious need of repair or at least it should be considered for crack fill/patching maintenance as soon as possible to make it passable. The Committee further asks that the alignment of the road be addressed in this process as well since it is our understanding there is some discrepancy between the location of the center of the road and the center of the right-of-way.

Also, the City would like to see a trail built as part of this project, but would like to know the potential costs of this first. Please feel free to contact me or Scott Hedlund, city engineer if you have any questions.

Sincerely,

CITY OF ROCKVILLE
