Subject: RE: Council member to be on ROCKVILLE COUNTY PARK Master Planning Committee

Rena,

This would be different from your participation on the Technical Advisory Committee (TAC). I do not envision the TAC members coming to the general meetings. The TAC exists to allow the "special interest" areas to respond to design questions.

Could you give me a contact for the Sportsman's Club in case the consultant would like to ask for participation from that group. The DNR Wildlife Mgr. has already volunteered to be on the TAC.

Chuck Wocken

Chuck – is this in addition to me serving on this committee or is that something different?
 Rena

Subject: Council member to be on ROCKVILLE COUNTY PARK Master Planning Committee

Rena,

Would you please ask the City Council if it might appoint, or ask for a council member to volunteer to be on the general planning committee with the Stearns County Park Commission to assist in the Master Plan process for Rockville County Park. We do not have a schedule or meeting dates lined up yet. Hopefully the city councilor will be able to help craft the meeting schedule with the committee. I do envision evening meetings, possibly 6, give or take.

A recommendation for consultant will be going to the County Board on June 24, 2008.

Dear Council Members:

SUBJECT: Lead/Copper Tap Water Monitoring Report, PWSID 1730026

This letter is to report the results of your recent lead/copper monitoring that is required by the Safe Drinking Water Act. The results revealed the following 90th percentile levels:

90th percentile lead level = 3 µg/l (rounded as 0 mg/l).
The action level for lead is 15.0 µg/l.

90th percentile copper level = 197 µg/l (rounded as 0 mg/l).
The action level for copper is 1300 µg/l.

Based on these results, your public water system **has not exceeded** the action level for lead and **has not exceeded** the action level for copper.

Recent revisions to 40 CFR 141.85 indicate that you are now required to notify the occupant(s) of each participating residence of the lead/copper results for that location. In addition, you must provide them with an explanation of the health effects of lead/copper, list steps consumers can take to reduce exposure to lead/copper in drinking water, and water utility contact information. The notification must also provide the maximum contaminant level goals, the action levels for lead/copper, and the definitions for these two terms.

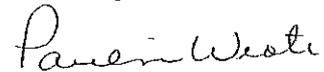

Notification to the participating residences must be made within 30 days by U.S. Mail, hand/direct delivery, or posting. Please refer to the enclosed Certification form for delivery method requirements. If the residence is a rental property, both the occupant(s) of the residence and rental property owner must be notified. To assist you in meeting these new requirements, we have enclosed the results notification letters and a fact sheet on lead/copper in drinking water.

Within 10 days after notifying the residents of their results, you must complete the enclosed Lead/Copper Results Delivery Certification form and return it to us along with a copy of the letter that you sent to the residents notifying them of their results. A return envelope is enclosed for your convenience.

Your next round of lead/copper monitoring has been scheduled for August 2011. Sample bottles will be sent to you from a contract laboratory early in the monitoring period. The enclosed report should be placed in your records and a copy maintained on or near the water supply premises and available for public inspection for not less than ten (10) years.

If you have any questions, please contact me at 651/201-4674, or Lih-in Rezanian at 651/201-4661.

Sincerely,

Pauline A. Wuoti

INITIATIVE
FOUNDATION

Mayor Brian Herberg
City of Rockville
PO Box 93
Rockville, MN 56369-0093

RE: 2009 Budget Request for Initiative Foundation Support of \$500

Dear Mayor Herberg and Members of the Rockville City Council,

Warm regards from your friends at the Initiative Foundation! I know this letter arrives on the heels of an impactful . . . and in many ways very difficult . . . year for Cities within our region. The infrastructure and growth issues you and your colleagues have routinely faced are now superseded by a housing slowdown and mortgage crisis that harkens to the very roots of the Initiative Foundation's beginnings.

The Foundation has, for nearly twenty-two years, been your partner in providing economic opportunity, encouraging citizen engagement, and building local folks' capacity to seize opportunities and address issues for the betterment of their respective home towns. **Over \$50 million** has been invested in fourteen central Minnesota counties . . . 161 cities . . . since 1986 in the form of business financing loans and grants to nonprofit organizations. And this does not take into consideration the hands-on technical support and staff assistance that are hallmarks of our work. Is it any wonder why major funders from outside our region and outside the state (including The McKnight Foundation) continue to make significant investments in central Minnesota through the Initiative Foundation's mission and activities? *The purpose of this letter is to seek financial support from the City of Rockville to further the Initiative Foundation's ability to ~*

- Provide economic opportunity and living-wage jobs;
- Train and build the capacity of local leaders;
- Convene people across traditional boundaries in response to issues and/or opportunities;
- Help support locally-developed projects that address community needs;
- Leverage significant outside investment in our region;
- Encourage philanthropy and assist people who wish to leave a legacy to their home town.

Within this mailing please find an *Impact Statement* providing a broad overview of Foundation support since inception, and a *County Project List*, with detailed information for the County of Stearns. A number of fact sheets describing Initiative Foundation programs and offerings are also included, in hopes that your neighbors and friends will take full advantage of *your* Initiative Foundation.

We respectfully ask that you consider our request for \$500 from the City of Rockville in 2009.

Thank you for your consideration!

Sincerely,

Curt Hanson
Vice President for Donor Services

EQUAL OPPORTUNITY LENDER
PROBABLE AND EMPLOYER

**MINUTES OF A REGULAR EDA MEETING HELD MONDAY, JUNE 9, 2008 –
6:00 P.M. – ROCKVILLE CITY HALL.**

The meeting was called to order by President Vern Salzl. Roll Call was taken and the following members were found to be present: President Salzl, Duane Willenbring, Jim Pflapsen & Rena Weber. Absent: Ed Karls & Heidi Peper

OATH OF OFFICE – The oath of office was issued to Bill Becker who is replacing Jeff Hagen.

MINUTES OF 4/7/08 – *Motion by Member Pflapsen, second by Member Willenbring, to approve the minutes of 4/7/08 as presented. Motion carried unanimously.*

EXECUTIVE DIRECTORS REPORT

Heidi Peper provided a written report. Updates were provided on: Stone Crafter Expansion, Air "Manufacturer", & EDA Vision/Initiatives Moving Forward

Discussion was held regarding the initiatives and moving forward. Rena asked that members review the items Heidi has gathered from the Comprehensive Guide Plan and we will discuss this at a future meeting.

Rena Weber reported on the membership dues for St. Cloud Economic Development Partnership - \$8000 Vs 60% first year or \$4800. Heidi Peper had even suggested the city going with the partnership.

Discussion was held regarding the pros and cons of switching from the services provided by Heidi Peper to the St. Cloud Economic Development Partnership.

Member Pflapsen indicated that the SCEDP is a great resource, however, their expertise is in the industrial area. No action was taken.

OLD BUSINESS

FIRE HALL/CITY HALL UPDATE – Vern Salzl reported that he, Ed Karls & Rick Hansen met with SBI (Keith McDonald, Steve Schultz and one other representative) on May 28th to view the Fire Hall and City Hall. Areas still of concern are:

Fire Hall - Broom finish different textures, expansion joints

City hall – front entrance off center

There was no counter proposal from SBI on the Fire Hall so the EDA determined that no action would be taken on paying them until this is settled.

TREASURER'S REPORT – Rena Weber presented the Treasurer's Report citing the fact the council has approved payment of the bills pending EDA approval.

Motion by Member Pflapsen, second by Member Willenbring, to approve the list of bills and Treasurer's Report as presented.

Rena Weber was asked if staff feels comfortable with the numbers for the final payment of city hall. Rena Weber reported that this was reviewed by both she and Ed Karls and we are in agreement with the numbers.

Motion carried unanimously.

Discussion was held regarding the grinding of the floor by the fire fighters themselves. It was determined that getting this done by a firm would be much quicker and then we would be done with the project.

Motion by Member Pflapsen, second by Member Becker, to withhold \$28,000 from SBI for the repair of the fire hall floor. Further the EDA will coordinate the hiring of a firm to redo the floor. Motion carried unanimously.

\$550 heating system bill – what about that? Discussed that this had to be done within a few days and contractor left a mess. President Salzl informed Keith McDonald that they did not have qualified people there to fix the problem. The 2nd time they came they brought in a professional to fix the problem. No action was taken.

NEXT MEETING – July 14th – This meeting will not be held if there is not enough on the agenda.

ADJOURNMENT – *Motion by Member Willenbring, second by Member PflEPSen, to adjourn the meeting at 7:47 p.m. Motion carried unanimously.*

**VERN SALZL
PRESIDENT**

**VERENA M. WEBER-CMC
SECRETARY/TREASURER**
