RE: Grand Lake Road Drainage problem

To All Concerned:

The city has received two bids to complete a storm water drainage system that affects your property. The proposal is to install a 12" storm sewer and catch basin to run under Grand Lake Road and empty into Ed Molitor's field:

Steve Kraemer Excavating	\$7762.00
Kraemer Trucking & Excavating	9515.00

At this time the Public Works Committee is suggesting that the amount be split equally so the total would be \$1552.40. If this is agreeable to you the city can handle the work, but we would need all of the parties agreeable to the cost. This would be done by signing a petition and returning it to city hall by **April 12, 2012**.

Please do not consider this as something the city or Lake Association is making you do. We just care about the lake and ways to protect it.

Please call city hall (320) 251-5836 if you have any questions.

Thanks.

Sincerely,

CITY OF ROCKVILLE

Verena M. Weber-CMC
Administrator/Clerk

SECTION I: LIABILITY COVERAGE WAIVER FORM

Cities obtaining liability coverage from the League of Minnesota Cities Insurance Trust must decide whether or not to waive the statutory tort liability limits to the extent of the coverage purchased. The decision to waive or not to waive the statutory limits has the following effects:

- o *If the city does not waive the statutory tort limits*, an individual claimant would be able to recover no more than \$500,000. on any claim to which the statutory tort limits apply. The total which all claimants would be able to recover for a single occurrence to which the statutory tort limits apply would be limited to \$1,500,000. These statutory tort limits would apply regardless of whether or not the city purchases the optional excess liability coverage.
- o *If the city waives the statutory tort limits and does not purchase excess liability coverage*, a single claimant could potentially recover up to \$1,500,000. on a single occurrence. The total which all claimants would be able to recover for a single occurrence to which the statutory tort limits apply would also be limited to \$1,500,000., regardless of the number of claimants.
- o *If the city waives the statutory tort limits and purchases excess liability coverage*, a single claimant could potentially recover an amount up to the limit of the coverage purchased. The total which all claimants would be able to recover for a single occurrence to which the statutory tort limits apply would also be limited to the amount of coverage purchased, regardless of the number of claimants.

Claims to which the statutory municipal tort limits do not apply are not affected by this decision.

This decision must be made by the city council. **Cities purchasing coverage must complete and return this form to LMCIT before the effective date of the coverage.** For further information, contact LMCIT. You may also wish to discuss these issues with your city attorney.

City of Rockville accepts liability coverage limits of \$ 400,000 from the League of Minnesota Cities Insurance Trust (LMCIT).

Check one:

- The city **DOES NOT WAIVE** the monetary limits on municipal tort liability established by Minnesota Statutes 466.04.
- The city **WAIVES** the monetary limits on tort liability established by Minnesota Statutes 466.04, to the extent of the limits of the liability coverage obtained from LMCIT.

Date of city council meeting 4-18-12
