Subject: Purlee shed variance

Dear Rena,

This letter is in response to our phone conversation of November 9, 2015. My husband, Jim, and I received a letter from Rockville stating that the City Council had denied our request to leave the shed on our property. Jim and I feel that we did not have the opportunity to state our side of the situation. There are many extenuating circumstances that I did not get into in my letter to the City Council but that I feel are key to this situation. We spoke of the opportunity for Jim and I to meet with the City Council and perhaps bring to light these circumstances. We will not be in Minnesota again until after the upcoming Holidays. We will be in touch with the city of Rockville closer to this time. Thank you for your time.

Sincerely,

Suellen Purlee
